PLAN VIEW

PRODUCT NOTE:

1. Steel checker plate covers are manufactured in accordance to AS3678 & AS3679.1 with Grade 250 structural steel.
2. All welding complies with all guidelines as setout in AS1554.
3. All components are hot dipped galvanised after fabrication in accordance to AS1650, AS/NZS 4680:2006.
4. All bolts & screws are stainless steel. Two button socket head cap screws (allen key head) are used to secure cover.
5. Covers are lifted using a standard Telstra pit key.
6. Class B & Class C covers do not impact on the overall depth of the pit and sit flush with the top of the pit.
